**SPECTICA LINEAR SUSPENSION LIGHT FIXTURE FROM LBL LIGHTING IS FINALIST  
 IN 14<sup>th</sup> ANNUAL HOSPITALITY DESIGN MAGAZINE AWARDS**

**Skokie, Ill., April 20, 2018**—*Hospitality Design (HD)* magazine has announced the **Spectica** linear suspension light fixture by **LBL Lighting** as one of its finalists in the 14th annual HD Awards. According to the magazine’s website, the *HD Awards* “honor some of the best achievements—in both project and product categories—in hospitality design around the globe.”

This year, nearly 300 products were submitted to the magazine’s *HD Award* judging panel in 11 product categories, such as Lighting, Flooring, Casegoods + Furniture, and Bath.

***Spectica Linear Suspension***

The eight-light Spectica linear suspension is highly modern and reflects the best in engineering. This artful and energy-saving piece has a swiveling canopy, adjustable arms, and discs that can rotate 360°—all to customize a look and direct the light up or down. These features also enable precise lighting in any space if desired. The Spectica includes three 12" stems, two 6" stems and one 3" stem. It also includes eight (8), 6.3 watt, field-replaceable LED modules which deliver 2459 lumens at 90 CRI, 3000K. It’s dimmable with a low-voltage electronic dimmer (120v or 277v).

The Spectica linear suspension scales at 55.7" in length, 32.5" in width, which makes for a generous grand scale ideal for hospitality use, including restaurants, commercial lobbies, and hotel common areas.

The Spectica collection—which also includes a chandelier and wall sconce—is available in a trending Matte Black or Satin Gold finish.

***About Hospitality Design magazine***

*Hospitality Design* magazine is the premier publication covering information and trends in restaurant, hotel, and commercial interior design—both online and in print. With an eye on the latest developments, HD provides a comprehensive view of the industry that is crucial for successful hospitality design professionals.

***About LBL Lighting***

Part of the Visual Comfort Group, LBL Lighting is headquartered just outside of Chicago in Skokie, Ill. LBL Lighting has been designing and manufacturing some of the most beautiful and creative lighting in the industry for more than 40 years. The brand’s diverse portfolio of high design-infused lighting products includes a wide range of chandeliers, suspension pieces, flush mounts, wall sconces, decorative pendants, architectural heads and outdoor wall fixtures. LBL Lighting’s products can be found in lighting retailers and through sales representatives across North America. To view products, visit [LBLLighting.com](http://LBLLighting.com).
