**LBL LIGHTING SHOWROOM: #TM-3925**

**Here’s a sampling of LBL Lighting’s new 2016 designs to be introduced at Lightovation:**

**Line-Voltage Pendants**

LBL LIGHTING IMAGE	LBL LIGHTING DESCRIPTION
	<p>The <b>Ornata</b> line-voltage pendant by <b>LBL Lighting</b> has a special treatment process which gives its molded glass shade a rich metallic appearance. When turned off, it’s opaque; when lit, it becomes translucent, allowing the colorful underlying glass to illuminate. Available in LED, color choices are Silver exterior/Aqua interior and Silver exterior/Champagne interior. Dimensions are 8.8” high and 8.9” in diameter.</p>
	<p>A collage of modern materials uniquely combine to create the artistic <b>Karif</b> LED line-voltage pendant by <b>LBL Lighting</b>. The adjustable nylon strap supports the fixture by way of an open loop in the metal housing which in turn supports the cone-shaped glass shade. A purposefully loose, asymmetrically placed cloth cord accents the fixture while providing power. Glass shade options are Smoke (<i>shown</i>), Opal or Clear; finish and color cord choices are either a Charcoal Gray with a Red cloth cord (<i>shown</i>) or White with a White cloth cord. Delivering 800 lumens while using only 17 watts, Karif’s dimensions are 10-1/2” tall and 8” in diameter.</p>

LBL LIGHTING IMAGE	LBL LIGHTING DESCRIPTION
	<p>Karif line-voltage pendants by LBL Lighting are shown in this kitchen.</p>
	<p>Moroccan inspired design notes give life to the visually stimulating spun metal <b>Menara Grande</b> line-voltage pendant by <b>LBL Lighting</b>. Available in LED which delivers 1680 lumens while using only 19 watts, the Aluminum finish fixture comes with a Gray cloth cord (<i>shown</i>), and the White finish comes with a White cloth cord. This Menara Grande is 20" tall and 22" in diameter; the smaller Menara low-voltage pendant is 13" tall and 14" in diameter.</p>
	<p>Sophisticated elegance exudes from the molded glass <b>Facette Grande</b> line-voltage pendant by <b>LBL Lighting</b>. Light flows through hundreds of triangular facets at the bottom of the shade, with the upper portion being purposefully masked with texturized paint to create negative space, depth and dimension. Shown here is Facette Grande with a Black top and Smoke bottom; the other option is a White Top with Clear bottom. MSRP: \$670 for incandescent lamping and \$770 for LED.</p>
	<p><b>LBL Lighting's Facette Grande</b> line-voltage pendants are shown in this dining space.</p>

**Low-Voltage Pendants**

LBL LIGHTING IMAGE	LBL LIGHTING DESCRIPTION
	<p>Sophisticated elegance exudes from the sleek molded glass <b>Facette</b> low-voltage pendant from <b>LBL Lighting</b>. Light flows through hundreds of triangular facets at the bottom of the elongated shade, with the upper portion being purposefully masked with texturized paint to draw the eye toward the light. Available in LED. Finishes are Black/Smoke bottom or White/Clear bottom (<i>shown</i>). Dimensions are 19" high and 4" in diameter.</p>

**Chandelier/Suspension**

	<p>The traditional five-arm chandelier gets an ultra-modern revamp with the <b>Torque 18</b> suspension from <b>LBL Lighting</b>. The typical three-dimensional silhouette is simplified to its most elemental level—a single, ultra-sleek plane of beautifully diffused LED light. Available finishes are Satin Nickel (<i>shown</i>) or Matte White. Its dimensions are an ultra slim .78" thick and 18" in diameter. This line has a Torque 27 suspension which is 27" in diameter.</p>

**Wall/Flush**

LBL LIGHTING IMAGE	LBL LIGHTING DESCRIPTION
	<p>The <b>Airin</b> wall sconce by <b>LBL Lighting</b> has a slim arm which illuminates a round backplate and the surrounding wall with a beautiful wash of indirect LED light. The contemporary design delivers a modern edge with a soft silhouette. Finish selections are Matte White and Gold Mist (<i>shown</i>). ADA compliant. Dimensions are 7" high, 5" wide and 4" deep.</p>
	<p><b>LBL Lighting's Airin</b> wall sconce in a bedroom.</p>
	<p>From <b>LBL Lighting</b>, a gently diffused orb of LED light is held captive by a band extending from the <b>Capture's</b> sleek, contemporary metal body. It can be mounted vertically or horizontally on a wall—and is also stunning as a ceiling flush mount. Capture uses only 27 Watts while delivers 1,000 lumens. With dimensions of 8.9" high and 5" wide, it comes in either a Satin Nickel or Matte White finish.</p>
	<p>Here, <b>LBL Lighting's Capture</b> is horizontally installed as a wall sconce.</p>

**Bath**

LBL LIGHTING IMAGE	LBL LIGHTING DESCRIPTION
	<p>A sleek metal band and matching die cast end caps embrace a rounded acrylic shade in this <b>Lynk</b> LED wall sconce by LBL Lighting. It seamlessly blends traditional and contemporary design. High CRI LEDs are used to provide the superior light quality ideal for vanity applications. In 12", 24" and 36" lengths, Lynk is 4" high and extends 3", making it ADA compliant. Can be mounted horizontally or vertically.</p>
	<p>Two <b>Lynk</b> 24" LED wall sconces by LBL Lighting are shown in this modern bathroom.</p>

**About LBL Lighting**

Headquartered just outside of Chicago in Skokie, Ill., LBL Lighting has been designing and manufacturing some of the most beautiful and creative lighting in the industry for more than 40 years. The company's diverse portfolio of high design-infused lighting products includes a wide range of chandeliers, suspension pieces, flush mounts, wall sconces, decorative pendants, architectural heads and outdoor wall fixtures. LBL Lighting's products can be found in lighting retailers and through sales representatives across North America. To view products, visit [www.lblighting.com](http://www.lblighting.com).

**About Generation Brands**

As the parent company to LBL Lighting, Generation Brands is one of America's leading companies serving lighting retailers plus the electrical wholesale, home improvement and building industries. The company has an outstanding portfolio of residential and commercial lighting fixtures, ceiling fans and decorative products which provide value and growth to its customers and end-users. The company's success is derived from its ability to serve its customers and end-users with superior service, leading edge design and outstanding quality.
